

Balloon Ride

The best sunset/sunrise view of the temple site

Angkor balloon offers you a chance to rise up 200 meters above the heritage site in a line attached tethered hot-air balloon. The ride takes 10 minutes and gives you a great opportunity to enjoy a very photogenic bird view the temples and west baray.

Practical Information

The balloon ride can be subjected to cancellation for safety reasons due to bad weather .

There is no sunset trip during wet season because it often rains in the evenings hours during this period

The balloon has a specially designed safe platform which can lift 30 passengers at the time

How to get there

The balloon ride is inside the main temple area and is reachable by moto, bicycle, tuk-tuk, car or van.
