Cultural Tour

Want to zain more knowledge about Cambodia

The cultural tour is an easy and interesting half day tour for those who are interested in learning more about Cambodia and its culture.

The trip consists of a visit to the museum where you can get a good overview of the golden era of the Khmer kingdom. After the museum you will go to the Ceramic center and the Silk Farm. For centauries Cambodia has been home to some of the worlds most beautiful handicrafts. The years of war and endurances almost destroyed these prosperous traditions along with its craftsmen and their knowledge, but today these art forms are making a comeback.

The final stop for the day will be a visit to Sangkheum Center for Children. The center has since 2001 given hope to orphaned, abused or neglected children and they work with more than 350 underprivileged children and youth on a daily basis.
